FINANCIAL.

The banks were in quiet yesterday; "not a ave of trouble rolled across their peaceful reast." The call for increased loans becames more perceptible, and it is pretty certain that the result will be a greater stringency in money than has been known here for a long time. Exchange on New York and the east quoted par buying, & premium selling; Fall River, par; New Orleans & discount selling, buying at par. The New York Bulletin, ot Tuesday, reports: "New York exchange was quoted to day as follows at the places named: Savannah—buying 3-16, selling 5-16; Cincinnati quiet; buying, 50 to 100 discount; selling, par 50. Chicago, 25 to 50 discount. Charleston—scarce; & 3-16 discount, selling 5-16. St. Louis, 1-10 discount. New Orleans—commercial 1-16@16. bank New Orleans—commercial 1-16@16, bank 14." Gold in New York was at 105% all morning, in the vening it advanced to 105½; here, 104½@104%. The New York Post says: "In mercantile circles the feeling is that of horsefulness and mercantiles are the says." hopefulness and encouragement so far as the autumn trade now opening is concerned, and without doubt the large crops will quicken mercartile business and enlarge its volume." The Chicago Tribune, of Wednesday, reports: "The banks begin to look again as they did before the late unpleasantness. Still it is true that, if business were to become fully as active as it was week before last, its volume ald not be very great. The strike came at ag house statistics. In this market the de-rease of bank clearings was over \$5,000,000, and all within the week ending to-day, as stated by the manager of the Clearing-house. Good judges think that \$2,000,000 have been drawn out of the banks by depositors and hidden away, waiting for renewal of business prosperity and public confidence. There is a

prosperity and phone confidence. There is a conservative feeling among bankers, as there is some watchfulness of the effects of the operation of the new State banking law relating to banks with unpaid capital." In our local market there was some inquiry forgjas stock; 9734 was offered and refused. [BY TELEGRAPH.] PARIS, August 3.—Rentes, 106f. 20c. NEW ORLEANS, August 3.—Gold, 1051/2 05%. COTTON. The cotton market yesterday was again on the lowering tendency. New York had another drop in spots, and was several points off in futures. Liverpool had a droop in it; New Orleans was weak. In our own market the quotations remained where the last reductions put them, but holders had to concede to effect sales; under the easiness of the market one buyer filled in with some freedom, making the sales the heaviest of any other day ing the sales the heaviest of any other day within two weeks.

Notice.

In view of the constantly increasing popularity and demand for the Celebrated Arrow-Tie, the universally recognized favorite Tie of planters, cotton-pressmen and shippers of cotton generally, the American Cotton-Tie Co. Limited, sole proprietors and manufacturers of said Tie, commanding unequaled facilities, have, in addition to their large stock now on hand, contracted for increased quantities, sufficient to meet the largest demand for Cotton-ties to cover the entire crop of the coming season, and now, through their agents generally, offer the popular and irrepressible arrow-Tie at \$2.50 per bundle, less 2½ per cent. discount for cash, in bundles complete, being less than the market value of plain hoop iron; and it being the purpose of the company to merit the continued patronage of the planting community, and defy all competition that may arise, their agents are in structed to contract with dealers, factors and country merchants, at the above-named price and terms for future delivery, up to the 1st August in quantities as may be required from time to time, settlements being made on delivery. R. W. BAYNE & CO., Gen'lag'ts of the American Cotton-Tie Co. Limited New Orleans, April 25, 1877.

Are to be sacrificed THIS WEEK, as this stock must be rapidly closed out. I do not ask cost-price for these goods, but request an examination of them; when, if you wish to purchase, figures will be named that will show the terrible shrinkage we are willing to take in order to bring this trade to a close. We want the money at once for every yard of goods in the house, bring what it will.

LAND TITLES.

V. B. WADDELL,

Attorney-at-Law, General Land Agent Attorney-at-Law, General Land Agent

A ND Proprieter of the Abstract of Land Titles
in Tunica county, Mississippi. Look to your
land titles. I have now complete, a perfect Abstract
of Titles of all lands in Tunica county, Miss, as it
was before portions of the same were taken for Tate
and Quitman counties. This Abstract shows that
there are very few perfect titles in Tunica county.
Many of them are utterly defective, and there are
scarcely any that are not clouded by tax-titles. In
some instances I find that valuable plantations,
about the titles of which the holders have entertained no doubt, are held by titles that would avail
nothing before a court, either in prosecuting or defending a suit in ejectment. The defects in these
titles may generally be cured if they are ascertained
at once and the proper remedy applied. I will furnish abstracts on short notice, charging one dollar
for each conveyance noted on the abstract. Payable
on delivery. V. B. WADDELL. Austin, Miss.
